Royal Danish Ballet

Open-Air Royal Summer Ballet

The Royal Danish Ballet is an internationally renowned classical ballet company, based at the Royal Danish Theatre in Kongens Nytorv, Copenhagen, Denmark. It is one of the oldest ballet companies in the world and originates from 1748, when the Royal Danish Theatre was founded.

In Summer 2022, the ballet visited twelve cities including Odense and Rungstedlund to share some summer fun with free live ballet performances.

“For over 14 years, the Royal Danish Ballet has used a standard stage floor for our outdoor ballet performances. In 2022, we invested in a Harlequin Liberty HD sprung floor with great success. The first comment from a ballet dancer was "look at how beautiful that floor is; even, level, flat!" Already after a few performances, the dancers could feel the difference in their bodies. In addition, the floor is almost silent when the dancers do their jumping and not least – easy to install.”

Søren Normann Hansen
Administrative Director of the Royal Danish Ballet

Project highlights

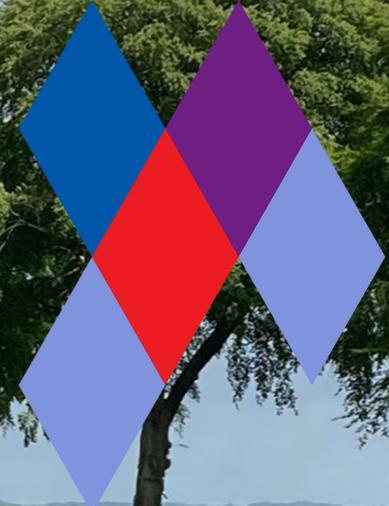

Name	Royal Danish Ballet
Location	Copenhagen, Denmark
Product Type	Harlequin Liberty HD and Harlequin Studio

Harlequin Liberty HD

Not to scale

Harlequin Liberty HD

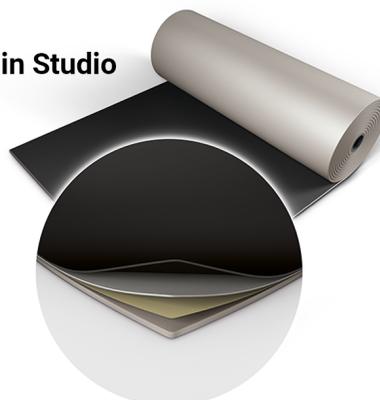

Harlequin Liberty HD sprung floor panels are coated with a black polymer resin on both sides and have a textured, high grip pattern on the top surface, which is wear resistant, anti-slip and weatherproof.

Harlequin sprung floor panels and the accompanying portable Harlequin vinyl performance floor can also be stored in carts, providing an easy and safe way for stage crew to move them on tour or around a venue.

Harlequin Studio

Harlequin Studio is a hard-wearing vinyl dance floor designed to meet the needs of performers. The result is a slip-resistant floor that offers dancers added confidence.
