

Case Study

Haraka Center

Overview

The Haraka Center for Movement Arts is a dance center in Kuwait. The center is for women of all ages and dance backgrounds to explore and express their passion to move whilst searching for their individuality.

The center, which opened in August 2021, holds dance classes that focus on building a solid foundation in the disciplines of ballet, modern, contemporary dance and other dance styles.

“ We strive to provide our dancers and movers with the best dance training and that is why we chose to install Harlequin dance floors. It was very easy to install and fantastic to dance on! We absolutely love having it here at Haraka Center for Movement Arts. ”

Jumana Al Refai
Founder & Artistic Director

Haraka Center for Movement Arts

Choice of product

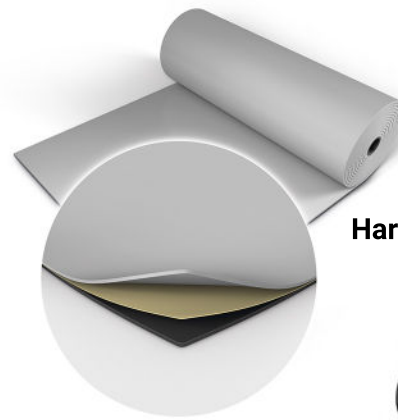

Harlequin Cascade

Harlequin Cascade vinyl performance surface with BioCote Antimicrobial Protection is the ultimate heavy-duty vinyl, with mineral fibre reinforcement for stability and durability. It is widely used as a ballet floor, but is also a popular choice for many other dance styles.

With proven antibacterial properties, it helps keep the floor hygienically clean.

Harlequin Liberty

Harlequin Liberty panels feature dual-density shock dampening elastomer pads, giving uniform and consistent shock dampening across the floor.

Harlequin Cascade grey

Harlequin Liberty

Rounded tongue and groove

Dual density shock dampening elastomer blocks

Clear layered birch plywood sprung floor panel

Latch and lock system
